WALTER R. BROPHY, JR., President of the Albany Chamber of Commerce for 1960 presents the gavel of office to incoming President, Thomas Gabriele at the Chamber of Commerce Annual Dinner, June 9, 1961.

## Chamber Chatter

By IRENE GROVE

Hope you all had a gloriously safe and happy holiday!

The invitations have been mailed to all Chamber of Commerce members and city officials to participate in "Albany Day" at the Alameda County Fair, Thursday, July 13. Albany visitors will be honored guests at the Fair that day, with an afternoon at the races with an Albany Handicap Race on the program. Diane Liotta, our "Maid of Albany," will be on hand as official hostess and will present the winner of the race with the traditional bouquet. A special entertainment program at 2 p.m. in the Court of Four Seasons will honor Albany and the fun-filled day ends with a joint social hour and dinner in the Cafeteria with Berkeley representatives.

Speaking of the Fair, we do have a problem... We need some additional entertainment for Albany's Community Hour at 2 p.m. Do you dance, sing, or play a musical instrument? If so, we need your help. Be the guest of the Albany Chamber of Commerce for a day at the Fair and perform before a most appreciative audience for your city.

## County Forms Youth Council On Employment

Alameda County now has a new and seemingly worthwhile project designed to help provide jobs for the county's youth.

As County Supervisor Kent D. Pursel describes it the aim is to stimulate wide-spread youth employment throughout the county. "It is not the purpose to take jobs from adults in need of employment," he says, "Nor is its purpose to supplant any existing agencies, but rather to cooperate and assist such groups where possible".

"Recently a letter from this council and the Board was directed to 16,000 employers in Alameda County," says Pursel. "The letter specifically invited employers to use young people for summer jobs. Through the efforts of Miss Wardell of the Department of Employment in Oakland, and particularly Mrs. Marjorie Walker of the Berkeley office, all local offices of the department will serve as clearing houses for the project.

## Tunnel Road To Be One-Way For Six Weeks

On Wednesday, July 5, the two existing bores of the Caldecott Tunnel between Alameda and Contra Costa Counties, will be alternately closed to accommodate lighting modifications and painting at the existing portals being done in conjunction with construction of the new tunnel.

For a period of approximately six weeks work will be performed in one bore at a time, with traffic routed through the remaining bore with a single lane in each direction, between the hours of 9:30 a.m. and 3 p.m. and/or 11 p.m. and 5 a.m. Both bores will be open to traffic during peak hours.

State forces will coordinate cleaning of the tunnel bores with the present construction schedule during this period so that this operation may be completed with no additional restrictions to traffic.

Motorists are urged to be alert for flagmen and warning signs and to drive cautiously through the construction area.

LEN PECCHENINO, whose term as president of the Albany Rotary Club began July 1, receiving the traditional gavel from retiring president Jack Snively. Pecchenino is controller for Sid's Stores, while Snively is supervisor of branches for the Mechanics Bank of Richmond. For many years Snively was manager of the Bank's Albany branch. — Lennox Studio photo.

"This project was started principally through the efforts of Miss Helen MacGregor who has been interested in youth and juvenile problems for years," says Pursel. "She prodded me to the point where I have been the liaison between the council and the Board. It is a shame when boys who have the desire and incentive are thwarted when they attempt to find something to do."

## Active Summer Program for Scouts At Camp Herms

Have you heard about the things happening at Camp Herms?

Fly and Bait Casting have been added to the Boy Scout Activity program and the Boy Scouts haven't caught any fish, but they are having a whale of a time learning the basic skills of fishing.

Troop 102 has redone the Nature Trail and it is in the best shape in years. Any of you Scouts that need help and guidance on Nature or Nature merit badge are most welcome to Camp Herms!

Archery department has 6 dozen new arrows that are guaranteed to hit the bull's eye at least 90 per cent of the time.

These are just a few highlights of the Boy Scout program that is being offered this summer on Mondays, Wednesdays, Fridays and Saturdays, 9 a.m. to 4:30 p.m. You need not reserve anything in advance for the day's experience and everything is free, except the 25 cent charge (or \$1 maximum for season pass) on the swimming pool.

Pass the word to cubbers! Tuesdays and Thursdays are Cub days at Camp Herms! Swimming, handicraft, nature trail and a host of activities await the Cub Scouts. Same hours and pool charge as for scouts.

## Berkeley Savings Opens El Cerrito Office This Week

Berkeley Savings and Loan Association this week opens its ninth office in the Greater East Bay Area.

This newest location for the 39-year-old savings institution is located at 9923 San Pablo Avenue in El Cerrito.

According to Sherman Miller, Executive Vice - President and Managing Officer of Berkeley Savings, a thirty-day grand opening celebration will feature thousands of gifts for savers, free Blue Chip Stamps for savings, and an exciting "House of Money" contest offering hundreds of major prizes.

Founded in 1922, Berkeley Savings, with home office in downtown Berkeley, operates two offices in Berkeley, two offices in Vallejo, and offices in Richmond, Walnut Creek, Oakland and Fremont.

## Phone Company Installs Speedup Equipment in E.B.

Installation of new equipment which speeds pay telephone service has been completed in Oakland, Berkeley, Richmond, Hayward and most other East Bay cities, Pacific Telephone announced today.

The change-over, which started in May, means that customers will be able to dial their own calls to most Bay Area points.

Operators now will come in on the line only to collect the initial deposit and any overtime charges. New dialing instructions have been placed on all pay phones, the company said.

Addition of similar new equipment in San Francisco and South San Francisco was recently completed also.

This is another step forward, Pacific Telephone said, in providing improved and faster telephone service for the public.

## Rotary to Hear Omar Khayyam, Restaurateur

Members of the Albany Rotary Club are scheduled to hear an interesting talk at next Tuesday's luncheon, July 11, when the famous restaurateur, author and food consultant George Mardikian will be the speaker of the day.

Mardikian is a native of Armenia, and was educated in Constantinople (Istanbul). He came to the United States in 1922 and is a naturalized American citizen. He has had a remarkable career.

Among Mardikian's public activities were: An aide to former President Hoover then in charge of the foreign relief program which followed World War I, with particular attention to the Caucasus area, Armenia and the Near East; food consultant for the U.S. Army during the years 1942-54.

Mardikian is a member of the National Council and Region XII of the Boy Scouts; executive board member of the S.F. Boys' Club; a member of the San Francisco Rotary Club; the Writers' Club; the Olympic Club; the Commonwealth Club; the Historical Society, and is the author of "Dinner at Omar Khayyam's", "Song of America", an autobiography. He has appeared on the "This is Your Life" TV program, and the Jack Douglas "Sweet Success" television series.

## Open House At Berkeley-Lee Auto Is Well Attended

Merv Berkey and Johnny Lee hosted a nice crowd at their open house celebration Friday night.

The re-built, re-designed and rehabilitated Volkswagen plant with its main entrance at 718 San Pablo Ave., is ultra modern in every respect. The hydraulic hoists, service stalls, and ready-to-hand power tools promise to furnish speedy and efficient service, while the long sweep of the service department floor conveys the idea of "unlimited" space.

And not the least of the "attachments" is the snack bar on the second floor, together with a full-time barber shop open to the public, and a patio waiting room on the second floor that appears to be waiting for you to come in and rest. The salesrooms are well arranged and attractive, while the building itself is quite an addition to Albany's "Auto Row".

## Albany Center Offers Program During Summer

A well-rounded program in commercial subjects is available this Summer at the Albany Adult Education Center, with both day and evening classes in shorthand, typing, and business machines, and evening classes only in bookkeeping. Open to the enrollment of adults residing in or out of Albany, all of the business courses are held at Albany High School 603 Key Route Blvd., and will extend for a 7-week period, July 3 to August 19.

Beginning shorthand is scheduled for Wednesday afternoons, 1 to 3:30, and Wednesday evenings, 7 to 10. Those enrolling may attend one or both classes as they wish. Beginning students are taught the theory of the Gregg simplified system, accompanied by simple dictation. In a Monday evening class, 7 to 10, provision will be made for varying speeds of dictation, ranging from 50 to 120 words per minute, for intermediate, out-of-practice, and advanced students, according to their abilities.

Classes both in typing, at all levels, beginning to advanced, and in business machines are offered on a very flexible program. Students may divide their class time between these two subjects if they wish and may attend as many classes each week as they wish.

## CITY AGAIN GETS AAA SAFETY CITATION

The Albany City Council was informed at its meeting Monday evening that Albany has again been awarded a citation for pedestrian safety by the American Automobile Association in its national safety program. The citation has been granted on the basis of Albany's not having had a single pedestrian fatality during the past year.

Copies of Ordinance No. 60-011, the new city zoning ordinance, which was given final passage at the council meeting last week, have been posted, and the ordinance goes into effect in the usual manner. The new ordinance is described as:

"An Ordinance Establishing Regulations Controlling the Uses of Structures, the Height and Bulk of Structures, the Dimensions and Areas of Sites and the External Appearance of Structures in Certain Districts; Requiring the Provision of Off-Street Parking Spaces and Off-Street Loading Spaces in Certain Districts; Providing for the Administration and Enforcement of the Regulations and Prescribing Penalties for Violation Thereof."

Monday night's agenda included the following items:

Parents of the 1961 graduating class of Albany High School praised Parks and Recreation Superintendent Elmer Nelson and his staff "for their assistance in making the senior party a success", in a letter read by the city clerk.

The Joint Alameda County Admission Day Committee requested an appropriation of \$100 for use in the Admission Day celebration.

The U.S. Coast Guard Auxiliary requested the Mayor to issue a proclamation declaring "National Safe Boating Week," July 2 to July 8.

The Albany Chamber of Commerce requested that Thursday, July 13, be proclaimed as "Albany Day" at the Alameda County Fair in Pleasanton.

Contract for gasoline to be used by the city during the coming year was awarded the Richfield Oil Company.

There was also a public hearing on the removal of weeds, as required by law.

Councilman Joel Parker was absent on vacation, but expects to be back in time to attend the council meeting next Monday evening.

## Proclamation

WHEREAS, increasing numbers of our citizens are participating in boating for health and relaxation, and

WHEREAS, this increase in recreational boating has greatly increased the use of waterways and intensified the need for close adherence to accepted safe-boating practices to prevent needless loss of life and damage to property,

NOW, THEREFORE, I, JOE CARLEVARO, Mayor of the City of Albany urge all persons and organizations interested in recreational boating to observe "NATIONAL SAFE BOATING WEEK" beginning July 2, 1961, as declared by President John F. Kennedy, in an effort to make this year the safest in the history of recreational boating.

In witness whereof I have hereunto set my hand and caused the seal of the City of Albany to be affixed. Done at the City of Albany this second day of July, 1961.

## Braves Keep Slim Lead In 2nd Half Play

In the Albany Little League on June 29 the Braves maintained their slim lead in second half play as Tim DeCaminada hit a game winning home run in the seventh inning. DeCaminada also had two other hits and pitched his mates to victory.

June 27: The Giants scored two quick runs and then held on as the Dodgers threatened in every inning. Bob Inserra and Frank Ryken hurled for the Giants and pitched out of trouble time and again. Kent Willing of the Dodgers had three for three at bat.

**AMERICAN LEAGUE SCORES:**

The Yankee win over the Tigers was the Tigers' first loss in the second half and leaves the Orioles in first place. This sets the stage for the crucial July 3 when the Tigers and Orioles tangle.

## Recreation Dept. Plans Volleyball

An evening adult volleyball program is being planned as a part of the community recreation program for Albany. Any adult wishing to take part in this type of evening recreation should contact the Albany Recreation Department or Terrace Park. Program will be under the direction of Frances Granier and will be held from 6 to 8 p.m. on Tuesday and Thursday evenings at Terrace Park. Families, couples or just interested adults will be welcome to participate. Other games may be arranged after the group forms.

This evening program will start Tuesday, July 11. Bring your lunch and help organize.

## 3200 Mt. Diablo Scouts to Camp Out This Summer

Camp registration figures indicate approximately 3200 Scouts from the Mt. Diablo Council will be camping this summer.

Camp Wolfboro, established in 1928, is the Council's oldest camp and has a sign-up of 1600 boys for the summer. Camp Wolfboro features back packing into the beautiful high country of the Sierras with the help of 10 burros for the five and six-day treks. Other program activities are swimming, boating, canoeing, archery, handicraft and marksmanship.

Troops from Berkeley which will be taking advantage of the program are: Troop 1, Chinese Community Church of Berkeley; Troop 19 of Northbrae Community Church; Troop 24, sponsored by the Garfield School PTA; Troop 26, of the Berkeley Methodist United Church; Troop 28 and Troop 29, of American Legion; Post 7, Troop 31, sponsored by the Garfield Recreation Council; Troop 37, of the North Congregational Church; Troop 38 of the Berkeley Second Ward of the L.D.S. ## Svein Tore Mortenson Newest AFS Student to Come to Albany High School

All the members of the E. R. Arneson family of 1128 Masonic Avenue, Albany, are busily preparing to welcome their new 17-year-old "son" and "brother", Svein Tore Mortenson of Oslo, Norway. He will arrive here the latter part of July, under the auspices of the Albany American Field Service, to spend a year as a typical American teenager.

During his stay with the Arnesons, Svein will attend Albany High School with his American "brother" Dick, 17, and his American "sister" Kathy, 13. At home he has one sister Mona, 14, and he attends the Nordstrand Högskole, where he has studied English for five years.

The 6'1" fair-haired Svein is very excited about coming to California, and has already written his American family several letters in which he has asked many questions about the life here. His hobbies are dancing, jazz music, politics, and reading; and he is also a sports enthusiast.

His favorite sports are skiing, ice hockey, running and cycling. He comes by the latter naturally, as his father, Arnefin Mortenson, won the Norwegian Cycling Championship for several years.

Although Svein has not yet decided what his future career will be, his keen interest in politics has made him curious to learn first-hand about this country and the American way of life. He may

## Albany Team Meet Tomorrow For Tri-City League

Thursday, July 6, at 6 p.m. Albany's Redlegs and Wildcats will meet in the Tri-City League at Cougar Field.

St. John and Mike Kennedy expressed confidence that "Cat nine will win this titanic. They have the righthander Larry Smith, rested and groomed."

Coach Paul Gaddini of the Redlegs has not announced a starting pitcher, but it would be either Gary Armon or Leonard Myles (14-11). The Redlegs led the league last season before St. Patrick's 5-2 last week.

Righthander George Kensington Hawley last week evaded the Wildcats' lead of the league lead. Frank Bray, centerfielder, and South pitcher, hitting power in the victory.

According to Webster's Dictionary, "the letter 'M' is the 13th in the alphabet, and the sound is made by sending the speech current through the nose while the lips are closed and the vocal cords vibrating." All of this is very interesting, but it has no bearing on our choice of a symbol.

We chose this letter for our symbol because it is the first one in our name. In the stylized form, it is simple, classic, and modern. ### Swim Classes for Education Center

The Albany Adult Education Center has scheduled a flexible instructional program of both day and evening swimming classes for men and women living in or out of Albany, at the Albany Pool, Portland and Pomona Avenues, during the 7 weeks Summer Session, extending from July 3 to August 10. All of these classes will have three levels of instruction — beginning, semi-intermediate, and intermediate — with a teacher for each level.

The day classes will be held on Tuesday and Fridays, 9 to 11; and the evening classes will meet on Mondays and Wednesdays, 6:30 to 8:30 and 7:30 to 9:30. Although the classes are scheduled for a two-hour period, students

may attend the full two hours or any part of them they wish; for example, for a one or one-and-a-half hour period instead of the two hours. Furthermore, those enrolled may take as many less

es each week as they wish for the same fees; and they may come on different days or evenings and at the hours which fit their individual weekly program. Registration for the classes, which started July 3, will be taken at the Pool.

## LAW IN THE NEWS

### FILE SAM'S TILL

Since ancient Egypt the tax collector and the taxpayer have been adversaries. But the collector, equipped today with electronic bookkeepers, seems to have gained the upper hand.

Oliver Wendell Holmes said, "I like to pay taxes. But I don't like to be taxed."

But don't count on it: Some taxpayers who filed false returns have waited for six years to go by. The U. S. investigates, and the unwise taxpayer may make false statements to revenue agents who use them as new grounds for prosecution.

After six years the law makers felt that as a rule your records might be destroyed. Witnesses die, and memories dim, and so after six years the government in most cases won't prosecute. The statute of limitation will have run.

But don't count on it: Some taxpayers who filed false returns have waited for six years to go by. The U. S. investigates, and the unwise taxpayer may make false statements to revenue agents who use them as new grounds for prosecution.

ents who use them as new grounds for prosecution.

After six or eight years go by, the tax men often investigate by the "net worth" method; they find out what you were worth, say, eight or ten years ago. They then find out what you were worth at the time of the questioned return. They then figure out your "reported" earnings (less expenses) and see if you own more than you reported.

To cover up this later net worth one taxpayer signed false statements about what he had at the outset; he was caught and convicted for these later false statements.

Besides criminal charges, one may also face civil fraud penalties which may run at least 50 per cent higher, plus six per cent interest charges.

## State Says Fish Die-offs Due To Natural Causes

Investigation of a number of fish die-offs reported around San Francisco Bay over the past two or three weeks indicates the fish losses are most probably from natural causes tied in with rising water temperatures, the California Department of Fish and Game has announced.

No evidence has been found of disease or toxic substances, and the scattered nature of the reported kills fits in with a similar pattern of warm-weather die-offs occurring about this time in previous years.

Species involved include striped bass, sturgeon, shad, catfish, perch, and other game fish, as well as anchovies and smelt. Additional fish losses may be anticipated as summer progresses and water flows continue to drop, DFG pointed out. And where water quality is already low, such conditions may be expected to intensify existing pollution problems.

Continuing checks are being made by personnel of the Department of Fish and Game and the Regional Water Pollution Control Board.

COMPACT COUSIN OF THE THUNDERBIRD

And, it's the nicest thing that ever happened to America's best-loved compact!  
Step aboard! Relax in the foam-padded comfort of individually contoured front  
seats. Rest your lucky feet on the thick wall-to-wall carpeting. Look down beside  
you: there's a handy console between the front seats for your personal effects.

Be sure to check the back seat, too—plenty of room there for 3 people. And, in  
Futura everyone's luggage goes in the vacation-size trunk—where it belongs.  
For all its luxury, all its economy—Futura's actually America's lowest-priced\*  
luxury compact!

**Falcon Makes Economy Run History!** A 1961 Falcon with

Over 3,000 delegates enjoyed the demonstrations and the discussions which teach Christians to be better Ministers in the teaching of the Bible.

The baptism service which took place on Saturday morning, at the Oakland Y.W.C.A. on Webster Street, marked the ordaining of 43 new ministers in Bible Education Service.

The highlight of the three-day assembly, was the public lecture, on Sunday, when L. M. Dugan,

the District Supervisor of Jehovah's Witnesses for the West Coast, spoke on the subject, "The 20th Century in Bible Prophecy." Dugan said in part, "We are living in a time prophesied in the Bible, to be critical in the affairs of men. The prophecies in the Bible also bring much hope and joy to those who will be survivors into the New World under Christ Jesus."

Kemline states that the regular meetings in the local Kingdom Halls will resume this week, and the delegates will put into practice the things that they learned at the assembly.

### Vallejo Speedway Plans Big Opening Program, July 8

The grand opening of the Vallejo Speedway has been postponed one week, and the delayed season will now start this Saturday night, July 8.

Sanctioned by the Bay Cities Racing Association, Jack London and George Acree, the speedway's general manager, expect 55 drivers and modified hardtops to line up for time trials at 7:30.

The racing plant, formerly the West Coast Speedway and located on the old Napa Highway north of Vallejo, has been completely renovated with new lights and a quarter mile dirt track.

The newly carved oval with a clay surface is patterned after the fast Contra Costa strip, now part of the new freeway.

Among the top ten point leaders of last season slated to get the B.C.R.A. hardtop season rolling are Leroy Geving, Santa Rosa, 1960 champion; runnerup Gene Dudley, Napa; Hugh Purdy, Petaluma; Nelson Snow, San Pablo; Ted Gratriex, Vallejo; Lee Waybright, Oakland; and Julian Castro, San Francisco.

The first of nine races is set for 8:15, following the qualifying spins against the electric clock.

### Classes in Upholstery And Woodworking

The Albany Adult Education Center, 603 Key Route Blvd., is accepting new Summer enrollments in both Upholstery and Woodworking. The 7-weeks Summer session opened July 3 and extends to August 19. Adults residing in or out of Albany may enroll.

All new students must have completed any 12 hours of the 15-hour basic training courses offered before they may work on their own furniture. The schedule for the regular Upholstery classes will be Tuesday and Thursday evenings, 7 to 10; and Saturday mornings, 9:30 to 12:30; for Woodworking, Monday and Wednesday evenings, 7 to 10. Students may attend as many classes each week as they wish.

The Woodworking basic training course is scheduled for 7 to 10 p.m. on Thursdays, July 6 and 13; Fridays, July 7 and 14; and Tuesday, July 11. Frank Turner, the instructor, will cover in this indoctrination the uses of the various power saws, lathes, planer, jointer, and numerous hand tools. He will also discuss the different types of paints, stains and lacquers, and their proper uses.

DO NOT SCRAMBLE

At the breakfast table, scrambled eggs can really hit the spot. Scrambled financial affairs, though, are something else again. That's why it is usually best to make a sharp distinction between money you invest and money you want to save—the money you want to have immediately available under all circumstances. Put your investments wherever you think they will earn the best return. But keep your savings where you know they will always be accessible—in the bank.
